ITM 2018, beat a record with 14.248 international and a total of 58.942 visitors from 94 countries, among the ITM exhibitions. ITM 2018 has significantly enlarged in both country diversity and visitor numbers compared to the previous ITM Exhibitions. It has raised the success level according to the very positive feedback that has been received from the companies and visitors.

Strong Collaborations Generated during ITM 2018
The ITM 2018 Exhibition, which company owners, company representatives and visitors, will not erase from their memories, has also offered incredible commercial opportunities for all professionals who wanted to take the industry's pulse and follow the innovations. ITM 2018 has been a productive meeting point where companies made sales of millions of

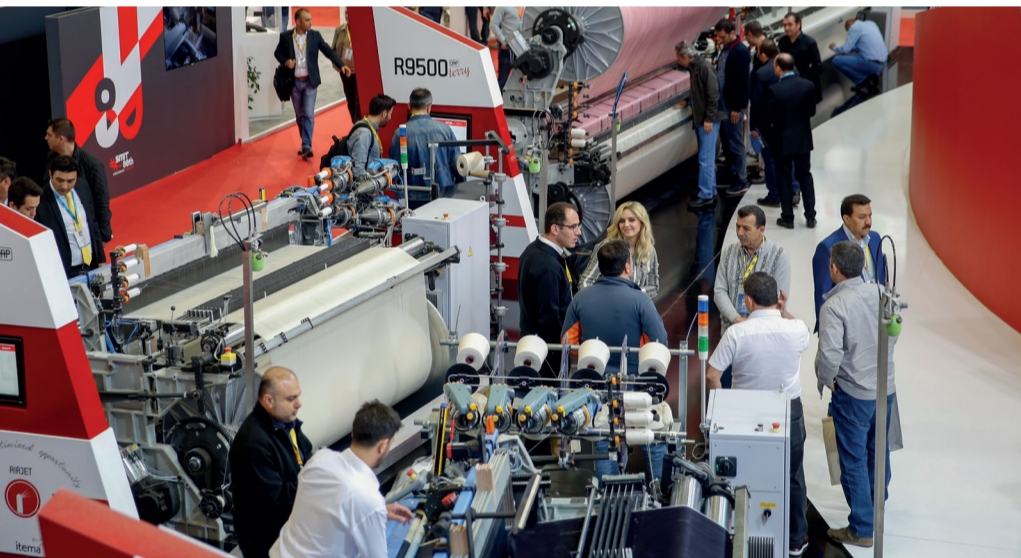

Euros from the first day of the event.

The biggest factor behind this success is; the promotional activities carried out throughout the world for two years. Our team has participated in exhibitions and events from China to India, from Bangladesh to Pakistan, from Russia to Uzbekistan in all regions of the world textile producer; we have provided information about the developments and innovations which were foreseen to be presented during ITM 2018 to the company and sectoral associations. Thanks to promotion activities, ITM 2018 Exhibition was preferred as a great destination for textile investors.
